WORK EXPERIENCE

DevtionIT

Frontend/Backend Developer

Jul 2022 - Feb 2023

- I developed and maintained interactive user interfaces using React.js.
- I collaborated with designers to translate user designs into functional and styled code.
- I implemented agile development practices to improve team efficiency and the quality of the final product.

Freelance Developer

Frontend/Backend Developer

Feb 2024 - Present

- Designed and developed complete web solutions (Frontend and/or Backend) for various clients, managing the project lifecycle from conception to implementation.
- Implemented interactive and responsive user interfaces using modern technologies.
- Collaborated directly with clients to understand their needs, translate requirements into technical solutions, and ensure the delivery of products that exceeded their expectations.
